N. Y. WORLD CHARGES GER-AMERICAN ASSO. WITH CONSPIRACY

(By International News Service.)

WASHINGTON, March 7.—A sweeping con-
gressional investigation of the charges published
in the New York World which state that the Na-
tional German-American alliance has conspired to
force the passage of pro-German legislation
through the senate and the house, will be ordered,
if the administration forces cannot control the situ-
ation. This fact may readily be determined after
a vote has been taken on the Elmore resolution.

The World, in a copy-righted story, charges
the alliance with having a congressional program
which will force the refusal of passports to Amer-
icans who wish to travel on belligerent ships. It is
also stated the program contains plans for placing
an embargo on munition exports and preventing
war loans. The World charges the alliance with at-
tempting to control the Republican convention and
ultimately defeat President Wilson.

RUSSIA TURNS TURKEY DOWN ON PEACE PROPOSAL

LONDON, March 7.—The tentative proposals
of peace suggested by Turkey have been rejected
by Russia because of the fact that Turkey has
persistently and consistently ignored the other
Allied powers. The above is a popular rumor rap-
idly spreading throughout all the diplomatic cir-
cles of the earth.

Circumstantial statements from Salonika, Cai-
ro and Athens tend to corroborate the fact. It is
thought the rapid advance of the Russian army
has caused a wild panic in Constantinople, thus
suggesting a separate peace to Turkey as a possible
way out of her predicament.

WASHINGTON, March 7 (3 p. m.).—
The house today capitulated to President Wil-
son by a vote of 256 to 160 and adopted a spe-
cial rule for the consideration of the McEl-
more resolution.
The vote was cast after a sensational de-
bate in which pleas were made for the support
of a president "who has born greater respon-
sibility than any other president since Lin-
coln." The house was aroused to the greatest
enthusiasm and later voted 271 to 108 to limit
the debate on the McElmore resolution to four
hours.

FRENCH AIR-CRAFT BOMBARD THREE PRINCIPAL FORTS AT METZ

(By International News Service.)

AMSTERDAM, March 7.—It is understood
French aviators have bombarded three of the chief
forts at Metz and ammunition trains carrying sup-
plies to the Teuton troops operating near Verdun.
According to reports from the frontier, extensive
damage was inflicted.

CARRANZA OCCUPIES DAXACA.

GUARDLA JURA, Mexico, March 7.—The
Carranza troops have occupied Daxaca and the
rebels are retiring in great disorder after putting
the torch to the city. They offered practically no
resistance. Diaz is reported to have had his head-
quarters at Daxaca.

SECRETARY OF WAR TO GO AT ONCE TO CAPITAL

(By International News Service.)

CLEVELAND, March 7.—Newton D. Baker,
secretary of war, stated today he would go to
Washington this evening or Wednesday. He firm-
ly believes in enforcing peace by the "iron arm," if
necessary. When asked concerning his opinion
of the present situation, he refused to make a state-
ment.

MORE THAN 500 SAILORS AND PASSENGERS OF THE ASTURIAS STILL MISSING—PROBABLY DEAD

(By International News Service.)

RIO JANERIO, March 7.—More than 500 pas-
sengers and sailors of the steamer, Asturias, are
still missing and it is believed they must have per-
ished with the vessel.

Among the rescued is Chas. Tredek, the Amer-
ican consul at Santos.

Dispatches state the captain of the Asturias
shot himself on the bridge when he realized his ves-
sel was doomed. He attempted to navigate a dan-
gerous passage through heavy fog, despite repeated
warnings and the steamer was caught in the swift
current and sent crashing upon the rocks.

GERMANS MAKE NEW STRIDE TOWARD FRENCH STRONGHOLD

PARIS, March 7.—Further progress by the
Germans assailing Verdun is admitted by the Of-
ficial Communique today. Through the success of
heavy bombardments and the novel use of liquid
gas, the Teutons were able to occupy the outskirts
of Regneville and after three assaults with 20,000
men, captured Hill no. 265.

Officials claim that the enemy has suffered se-
vere loss through the mass formation of attack.
Artillery fighting continues unabated. Regneville
is but four miles west of Verdun.

STETSON WILL PLAY BROOKLYN SUPERBAS

PRACTICE GAME YESTERDAY
VIEWED BY PRESIDENT EBBETS
—STETSON UNIVERSITY PLAYS
SUPERBAS THURSDAY.

Fun began in earnest this afternoon on the beach at the Brooklyn National's training grounds when genial Uncle Wilbert Robinson told the "boys" the pitchers would be allowed to use for the first time this season their "twisters" and "benders," the like of which the heavy batting squad were just itching to face. Sunny-faced smiling Colwell said pitching without the use of curves in baseball was like to eating soup with a fork and, as for him, he was anxious to hear the words from Uncle Wilbert that would turn them loose. Anyway, the eager batting squad lined up in readiness for anything the twirlers might have up their sleeve and time and again they showed their ability to "come back" by driving the sphere into the tall timbers, one of which was a home run by Hickman.

Mack Wheat and McCarty again were captains of their chosen teams, filled in with local players, and much interest was taken in the play.

Among the anxious fans on the bleachers sat President Chas. H. Ebbets who eagerly watched the progress of the match game, evidently pleased with the showing made. Mr. Ebbets returned today from a business trip to Cincinnati. In answer to a question as to what he thought of the condition of the grounds for spring training he replied that apparently, it was in fine shape, "but if you fellows," he continued, "would let Uncle Wilbert and his grass in the outfield alone, I feel quite sure it would grow 'up' instead of 'down', as the manager says it is doing."

Thursday afternoon will be a gala day locally for the Superbas. The team from Stetson university, claimed justly to be one of the best college teams in the state, will be on the training camp grounds for no other purpose than for the scalp of the mighty Brooklyn Nationals. The presumptuous Stetson manager says emphatically that his boys have the goods and what it takes to put a crimp in the training season of the heralded Superbas, they have it. Later, on or about the tenth of this

month, President Ebbets expects to have a Children's day at which game all the Brooklyn players will have arrived and will be seen in the game. Commodore Burgoyne has come to the rescue with an added amusement of music for the occasion and Saracina's Virtuoso Concert band will be on the grounds with music never before heard in Daytona. Something weird and exciting as some of his noted musicians have no doubt played on the sunny plains of Italy and France at the historical arena when the heroic matador made his last death-dealing stroke into the body of a vicious bull.

Training Children.

The trouble is that many parents do not appreciate the importance of beginning to train their children in emotional control while the children still are very small. They may scold them and punish them, but they do not train them. So that, often without the parent's suspecting it, the habit of excessive emotionality grows until it becomes an ingrained personal trait.

HELP THE OTHER FELLOW—HE CAN HELP YOU

That has not been adopted as the slogan of our Association, but it exemplifies the spirit of the organization. They seem to have the belief that "the other fellow" is of the same mind, and that every one is going to do his level best to make ALLANDALE a town of tomorrow.

PUBLIC SPIRIT

There are many towns that lack this most necessary element to inspire one to do his best.

We have the will to do things in ALLANDALE—everybody wants to help. If we prosper it will be due to our optimism, but to the broad point of view that includes our neighbor's success with ours.

"THE HEART OF MARYLAND" AT THE NEW DAYTONA WEDNESDAY

Mrs. Leslie Carter takes the title role in "The Heart of Maryland," at the New Daytona theater Wednesday. In a scuffle, Maryland renders the Colonel unconscious and Alan escapes.

Maryland Calvert, at the beginning of the Civil War, endeavors, without success to induce her sweetheart, Alan Shay, to join her Southern forces. Her brother joins the rebels, while in reality he is a northern secret service man. Colonel Thorpe, Alan's bitterest enemy, a Southern Colonel, captures Alan, during battle and sentences him to die. Maryland, during a raging battle, sees Colonel Thorpe and pleads for Alan. Colonel Thorpe is adamant and refuses to commute his sentence. In a scuffle, Maryland renders the Colonel unconscious and Alan escapes. The Colonel upon recovering, orders the church bell rung to notify his pickets that Alan has escaped. Maryland makes her way to the lofty belfry and swings on the clapper, preventing it from ringing and Colonel Thorpe, upon learning Alan has escaped, arrests Maryland. General Hooker, to whom Maryland hoped to protest, has been killed and while a great battle rages, the air filled with shrapnel, the moans of the dying and wounded, the din of a million noises all rend the air Maryland—See the end of the wonderful picture, "The Heart of Maryland."

"THE LAW OF SUCCESS" ARCADE THEATER

Joseph Hight completes two models of an invention for turning wood pulp into paper. One of the models is stolen and sold to Gordon Reeper. Reeper in a few years becomes rich. Meanwhile Anna Hight dies. His son, Vincent, an itinerant actor, is trying to get into vaudeville. Joseph Hight, the father, has become a tramp. Vincent happens to stop at a boarding house where Gordon Reeper is a visitor. Reeper helps the young fellow secure a vaudeville opening.

The sketch, which Vincent has written, is an episode in the life of his father, and concerns the stealing of Joseph Hight's invention. Helen, the daughter of the boarding housekeeper, secretly in love with Vincent, persuades the young actor to rehearse his playlet in the parlor. Reeper helps out by taking part. Vincent brings to the rehearsal a model of his famous "Reeper machine" is revealed. That same night Reeper's factory is burned. The owner is saved by a tramp. Shortly after a new firm is started called Hight, Reeper & Co. Helen marries Vincent.

The baby show is drawing big crowds. You should see it.

BABY AND HOMEFOLKS MAKES A GREAT HIT

"BABY SHOW" ENTERTAINED GREAT CROWD OF JOLLY FOLKS AT ARCADE THEATER MONDAY AFTERNOON AND NIGHT.

Much amusement was afforded the patrons by the drawing contests and the boys' "pie-eating" contest and valuable prizes are given away each night.

The public seems to appreciate the idea of the reproduction of local photographs and scenes. The photographs are works of art, and are readily recognized.

Now, a person should not jump at the conclusion that there will be nothing but babies' pictures at the Arcade theater this week, for that is all wrong. There will be the greatest variety of stunts pulled off that were ever seen in a picture house in this city, also four good reels of pictures every day, and an illustrated song, with Daytona babies' and children's pictures.

This afternoon the contest will be for the girls, and there will be another for the boys at the night show. It should be borne in mind that there are entire changes of program each day. Scores of presents will be given away tonight on the drawings.

It is seldom that show-goers have an opportunity of seeing so many local scenes in the movies, and in all, it is a good show that affords plenty of good, clean, wholesome amusement, and is more than worth the price of admission.

Daytona Beach is the most marvelous beach in the world.

"IN THE PALACE OF THE KING," AT CRESCENT THEATER WEDNESDAY

"In the Palace of the King" will be the attraction at the Crescent theater Wednesday.

Don John, returning to Spain after his conquest of Granada, is acclaimed a national hero. King Philip II, his half brother, becomes jealous of the people's love for Don John, and imagines his brother will attempt to usurp the throne.

Philip plots against his brother and his first effort is to prevent his marriage to Dolores de Mendoza. An attempt is made to kidnap the girl, but she escapes and flees to Don John's castle.

The couple are planning for their marriage when they are interrupted by the King, who accuses Don John of treachery. Don John disavows it. The king then casts a reflection on Dolores, and when Don John leaps for his sword, stabs him.

The king is terrified, thinking he has killed him. Mendoza, his general, in order to save the King, swears that he killed Don John. Later it is found that Don John had only been wounded and the King and courtiers rush back to his apartments just in time to see the priest finishing the wedding ceremony.

"THE MISSING LINKS" AT CRYSTAL WEDNESDAY

The feature at the Crystal tomorrow will be "The Missing Link."

Henry Gaylord (Robert Harron) elopes with Myra Holburn (Norma Talmadge). He takes his bride to the home of his father, the local banker, Jasper Starr, the justice of the peace, is bitter against the Gaylords, as he is stepfather of Myra and resents her marriage. There is a run on Gaylord's bank and Jasper is appointed receiver. He acts in a very harsh manner toward the banker, who dies. Henry threatens to kill Jasper. Some time after he finds the justice lying dead in the bank. Besides the head of the dead man is a cuff link. Henry shows the link to his brother Horace. The brothers suspect each other of the crime. Henry is arrested, as he has been seen near the bank on the night of the supposed murder. Chris Tompkins, an amateur detective, discovers C. P. Martin, the ex-cashier of Gaylord's bank, burning some papers. He finds a scrap of writing which corresponds with some forged notes. Later Chris ransacks Martin's suitcase and discovers the mate of the cuff link found near Jasper's body. Martin is arrested and breaks down when confronted with the cuff link. Henry is cleared of the crime.

"Because He Loved Her," the new Triangle-Keystone, shows Sam Bernard working as chef in the cafe of Glen Cavender. Sam steals Glen's private stock whiskey and Glen cuffs and kicks the hilarious chef when he discovers the larceny. This arouses Sam's ire, and he puts what he thinks is poison into a mince pie he bakes for Glen. Mae Busch, the cashier in the restaurant, has a pretty sister. Glen sends the pie to the sister. When Sam finds where the pie is gone, he is remorseful and confesses his guilt to Glen. Sam gets a taxi and races for the sister's house. He is wrecked on the way and jumps on a motorcycle. He runs through a brick building and then a lunch wagon, strewn bricks and woodwork in all directions. He finally comes to the place, but the girl has eaten some of the pie. Sam takes out a bottle labeled poison and drinks a liberal amount. It all comes out right when Glen rushes in with the word that he had put some of his private stock in the bottle with the death's head.

JOHNNY JONES TO ARRIVE NEXT WEEK

Johnny J. Jones Shows will be in Daytona all week, commencing Monday, March 13. Many new features have been added for the 1916 tour.

The visits of the Jones shows are always approved by the majority of the people. The clean, refined nature of their attractions and the genuine entertainment afforded, make this carnival organization one of the most popular on the road. It is worthy of note, then, that, according to advance reports, the Jones shows this year are not only larger than previously, but are carrying many attractions and acts which are entirely new to tented amusements and several which have never appeared in America before.

During the present tour, the Whip, a brand new riding device, has probably created the greatest amount of comment. This is an attractive feature, extremely sensational and provides amusement of the most thrilling variety. It is positively an innovation

and the device with Jones shows is the only one in the United States, with the exception of one located at Luna Park, Coney Island, where last summer it was the reigning craze of New York's famous resort. The Orlando Sentinel says: "That to ride the Whip, means to forget one's troubles and that very little trouble exists in Orlando this week." The sensations experienced by riding on this new construction are altogether original. It is said, and must be felt to be appreciated.

Among other attractions to be seen with the Jones aggregation this year, the Miracle is easily featured. This high-class spectacular production, it will be remembered, was a principal attraction of the Zone at San Francisco's recent World's Fair and came to the Jones Shows directly from that exposition, under the management of its originators. It is said that the Miracle production cost \$20,000.00 to build and its weekly operating expense exceeds one thousand.

Then there will be seen the Jones World of Living Wonders, with a mid-get family, mother, father and baby, as a main feature, Jolly Alma, the Fat Girl, Abomah, the Tallest Lady, the

Great Mellivan, the Armers and other curiosities, the Wild West, Dixieland Minstrels, Crystal Tangle, Omo, the Missing Link, Ferris Wheel, Flea Theater, Alligator Girl and Submarine, should prove interesting.

It is apparent that a real amusement event is about to be ushered in, and local lovers of clean, wholesome entertainment are preparing for a genuine, old-fashioned, Marda Gras sort of good time.

Larger Than United States.
The Dominion of Canada is larger than the United States proper by some 30,000 square miles.

Avoiding Danger in Mines.
It is fairly a problem to install motors, controllers and other apparatus in mines in such a way as to avoid the danger of igniting fire damp. Modern practice in Europe now provides three protecting methods—all inclosed partly inclosed, with use of wire gauze plates, and oil bath apparatus. Various apparatus, such as transformers, controllers and switches, need to have a special design for use in mines, not only on account of fire damp, but because of prevailing dampness and mist.

GEM CITY MINSTRELS NEW DAYTONA THEATRE

The New Daytona theatre will have The Gem City Minstrels this week as a feature bill. L. M. Ramsey, the well known bass soloist and A. E. Donnelly will be heard in specialty violin solos. These gentlemen are artists in their profession and the act alone is well worth the admission price.

V. Rocco Scocozza lays no personal claim as a nation-wide entertainer in eccentric dancing, yet his numerous admirers all over the country say he is the greatest ever seen before the footlights.

Great Truth.
You can't make a gentleman out of a frock coat and a silk hat.

"Distinguished."
When a man just naturally looks "different" it's all right. But when a man gets himself up to look "different"—he doesn't. He bears the brand of the ordinary run of asses.—Kansas City Star.

CONTRACT FOR SCHOOL BUILDING IS AWARDED

At the regular meeting of the County Board of Public Instruction at DeLand, Monday, the bids for the erection of the new school building in Seabreeze were opened and the contract was awarded to C. L. Dawkins, of Jacksonville, whose bid was \$45,525.

Bids for the original plans and specifications were opened at a former meeting of the board and at that time Little & Phillips, of Orlando, Ga., entered the lowest bid at \$51,815. At this time D. F. Fuquay, of Daytona Beach, the only local bidder to try for the contract, put in a bid of \$66,365. Finding these bids all above the amount of money in their hands for expenditure, the board altered the plans somewhat and called for more bids. These alterations were not such as to make the building smaller, but eliminated some of the more expensive parts in the architecture.

No bids were received Monday from local bidders although the board desired to award the contract to a bidder of this vicinity if possible.

REGISTRATION BOOKS OPEN IN SEABREEZE

The registration books of election district No. 20, will be open at the store of S. E. Morris, in the postoffice building, Ocean boulevard, Seabreeze, on each week day, from Monday, March 6th to Monday, April 3rd. The hours of the day will be from 9 to 12 a. m. and from 2 to 5 p. m., and on each Saturday night during that time, from 7 to 9 p. m.

The above announcement has been given out by John W. Williams, of Seabreeze, who is the registration officer for this district.

Miss Dorothy VanValkenberg entertained a number of her friends at a birthday party, Monday evening, at her home in the Shelly block on Seabreeze avenue. Miss VanValkenberg invited those among the younger set of the beach who are friends, and the evening was spent in dancing and other fun.

Tasteful refreshments were served during the course of the evening and consisted of candy, ice cream and cakes. The guests left for their respective homes about 10:30 o'clock.

After driving like mad through the greater part of the surrounding country on both sides of the river, so it is reported, A. Thomas, a chauffeur who works for the Foye Livery company, of Daytona, was arrested last night in Daytona Beach for speeding an Overland car on one of the principal thoroughfares.

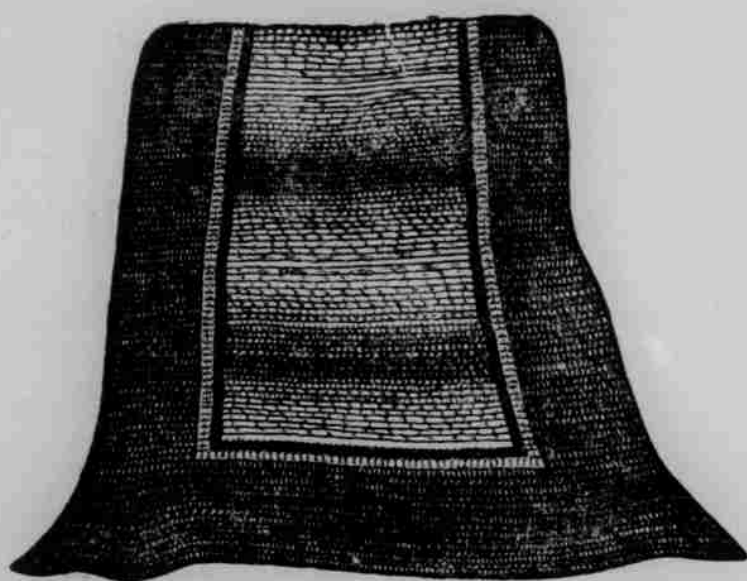

When brought before Mayor M. P. Guy this morning, Thomas was fined \$30.00 and costs.

THE WEATHER

FOR FLORIDA:—Local rains to-
night or Wednesday, except in
South portion where generally
fair weather is promised. Winds;
moderate, south.Optimistic department devoted to
cheering up "The Land of Sunshine."Do you know the latest? It's going
to rain. That's what the weather man
says and he ought to know. Well, wa-
ter won't hurt anybody. Some peo-
ple like their early in the morning
in a big pitcher beside their beds.
Those are the people that never drink
it in the evenings.A famous poet, or doctor, or police
court judge once said, "There is noth-
ing new under the sun." I dispute that.
What about women's styles? Lamp
that Reginald? Toss it along with
your case and think it over.Now, flap your ears open, pull down
the shades and bask in the great-
est truth ever explored. Gee, I'm
going to be stabbed with a hat pin for
this.

THE BIGGEST WORRY.

There're worries and sadness
From morning till night.
There's rodders and badness
When money is tight.You have fights, you have raps,
That will worry your life,
But the worst of all scraps
Is a wray with your wife.Now take it from me—
See I am no fake—
The little word "see"
Was Adam's mistake.Whenever you find
The world is a white
Just let me remind
The trouble's a girl.Where kings have lost thrones,
The answer is the same,
Where men have lost homes,
A girl's sake is blame.'Twas a fortune to dress 'em,
As husbands will find,
But we love 'em, God bless 'em,
For the way of mankind.—THE WEATHER MAN.

POPULAR AMUSEMENTSA fine audience heard a logical dis-
cussion and an indictment of popular
amusements by Evangelist Miller at
the tent meeting last night on Cy-
press street.Members of the churches who at-
tend dances and theatres failed to
escape a good dressing down. The-
atre producers were declared by the
evangelist to be lacking in morals.
Cards and dancing received their pro-
portion of more or less well deserved
abuse and the Christian Science re-
ligion came in for its share.The Rev. Dr. Nightingale, pastor of
the First Baptist church, was present
last night at the meeting and while
on the platform, heartily endorsed the
evangelist's masterful discussion of
these important themes.The evangelist will speak tonight
at 7-15 on the "Seven Seals," and all
who desire good seats will need to
come early.W. D. STARK ARRIVES

She is of the raised deck type with a bridge forward and cabins both forward and aft. The engine room is directly beneath the bridge according to the usual building plans of the Elco factory. His Practical Mind.
A certain famous British cathedral, which shall be nameless, was visited by two farmers. A clergyman on the same errand waited by them, curious to hear their opinion of it. At length, after looking long and earnestly at its interior space and height, one said to the other: "Man, John, what a fine lot of hay we could put in here!"

Watch Your Manner.
As a rule courtesy receives courtesy. Many times a rudeness which we resent was called out by something out of the way in our own conduct. A child will very often speak impertinently to one who addresses him roughly, while courtesy he instinctively answers in kind. The girl who is continually encountering rudeness, had better make a study of her own manner.

Optimistic Thought.
He is the best prophet who makes the best guesses.

Daily Thought.
A man's own conscience is his sole tribunal and he should care no more for that phantom "opinion" than he should fear meeting a ghost if he crosses the churchyard at dark.—Lytton.

Must Work to Attain Success.
You will find no stopping-place along the line of progress; there may be relays of new impulses, but no stopping-places. Work intelligently—work with energy and force to achieve success, and if you persevere success will surely crown your effort.

Satisfied With Little.
The Australian bushmen wish only a shelter from the rain, and if they can find a cave or overhanging rock that will shelter them they will build no house. If there is no such natural shelter they select a place where small trees or bushes grow together and weave the branches together and cover them with grass. This forms a roof to keep off the rain.

TODAY'S FASHION NOTE.

Rarely chic and practical is this costume for a young girl. The skirt is formed of plaid silk, trimmed with plain faille to correspond with the fitted waist. Vest, with turn-down collar, and cuffs are of white faille. In medium size the costume requires 3 1/2 yards 36-inch plaid and 2 1/2 yards 40-inch faille.

Pictorial Review Costume No. 6374. Sizes, 14 to 20 years; price, 15 cents, at Peck-Hendricks Co.

Optimistic Thought.

The old age of the eagle is better than the youth of the sparrow.

Second Card Party

The second of the card party series given by Mrs. C. C. Bohannon and Mrs. W. M. Hankins was held at the beautiful home of Mrs. Bohannon on South Palmetto avenue, Monday afternoon.

The interior of the house was beautifully decorated with a profusion of spring flowers, the color delight of yellow and green making more beautiful the lovely rooms. The dining-room was arranged with an abundance of ferns and palms.

Auction and five hundred was enjoyed, six tables devoted to auction, while three tables played five hundred. At auction, Miss Abercrombie reached the highest score and was awarded the first prize; Mrs. Harry Thompson received second. At five hundred, Mrs. T. F. Williams won the first prize, and Mrs. Davey, the second.

After the card game a visiting hour was enjoyed during which a delicious luncheon, most elaborate, was served by the hostesses.

Neighborhood Club Met

Miss Marion Gabeler entertained the Neighborhood Club, Monday evening, at her home on Cypress street. The house was artistically decorated with beautiful roses. At auction, Miss Hazel Nelson won the prize. After the card game tempting, delicious refreshments were served by the hostesses.

The club will meet with Miss Adelaide Young, next Monday evening, at the Magnolia hotel.

Good Hunting Country.

Wild animals are not numerous in St. Paul, although occasional reports are heard of tigers, panthers, leopards, wolves and hyenas. The jackal is very common, while bears are sometimes seen in the hills. The gad or wild sheep, the ibex, the chinkara, the black buck and the hog deer are comparatively common, while the wild pig is very prevalent at times.

Imitation Good and Bad.

The instinct to imitate is, like most other instincts, highly serviceable. But it has to be kept under control. Before we yield to it we ought to be sure that what we imitate is good. One of the most pitiful things in the world is to see people imitating what is unworthy under the impression that such imitation seems creditable.

Misses Schmaderke Entertain at Auction

The Misses Daisy and Cecelia Schmaderke entertained Monday afternoon at cards at their beautiful home on Ridgewood avenue. The decorations were wonderfully lovely. American beauties in abundance graced the drawing room, stately and majestic, in tall vases. Violets were also used in pleasing contrast. Auction was enjoyed, Miss Lee Bowers winning the first prize, Sarah Young, the second; Adelaide Young, the third, and Edith Newell, the fourth.

After the card game a delicious luncheon was served. A striking decoration upon the dining-room table was a beautiful large basket made of candy and filled with all sorts of fruit, candied, a gift to Miss Daisy Schmaderke, and was brought from New York.

These charming girls will entertain at cards this afternoon.

Human Desires.

Henri-Frédéric Amiel said that humanity is the dupe of its desires. Experience "has two ways of crushing us—by refusing our wishes and by fulfilling them. But he who only wills what God wills escapes both catastrophes."

Had Him Puzzled.

"A great many people have one time and another declared that I am the double of someone," stated J. Fuller Gloom, "but the deuce of it is that no two of them ever agree on the person whom I resemble."—Kansas City Journal.

Conscience.

Conscience is a matter of education in combination with environment. Many a wage worker has done his employer a grievous wrong, and many an employer has ground an employee in the dust, yet in neither instance has either been reproached by an accusing conscience.

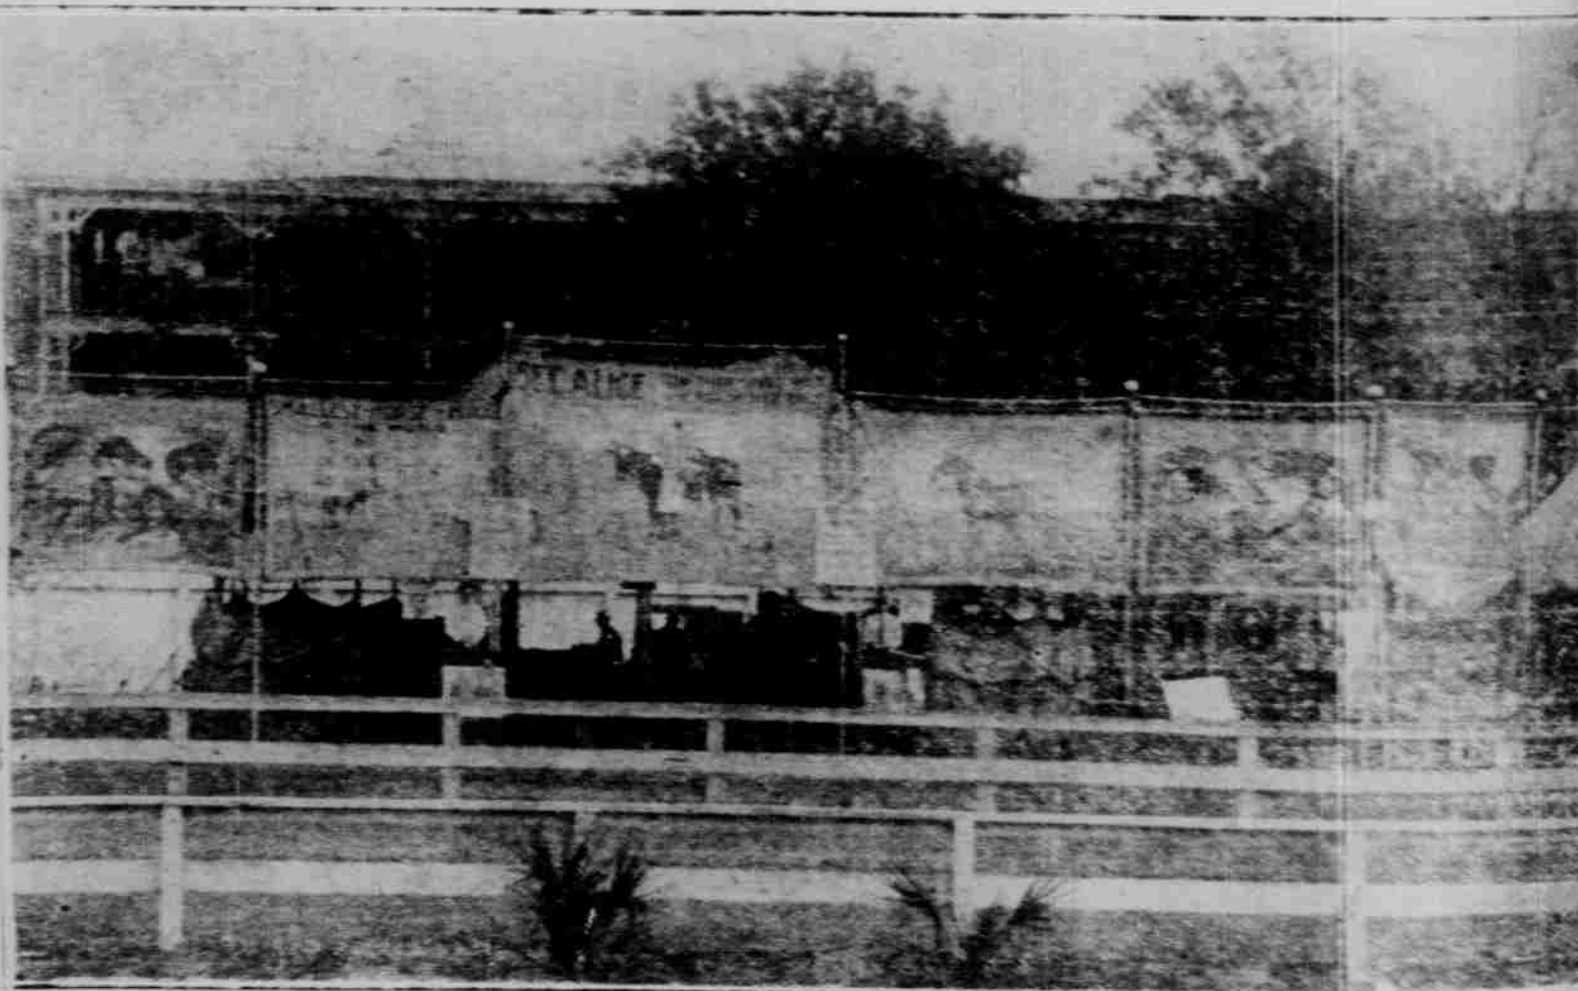

The Camel.

When man first saw the camel, he was so frightened at his vast size that he fled away. After a time, perceiving the meekness and gentleness of his temper, he summoned courage enough to approach him. Soon afterwards, observing that he was an animal altogether deficient in spirit, he assumed such coldness as to put a bridle in his mouth, and to set a child to drive him. Use serves to overcome dread.—From Aesop's Fables.

HIGHWAY IN ST. JOHNS COMPLETED

WORK HAD BEEN DELAYED SEVERAL WEEKS BY THE NON-ARRIVAL OF THE NECESSARY PAVING MATERIAL.

All but the last brick was laid on the great St. Johns county contribution to the Dixie Highway soon after noon Saturday and the event was celebrated that afternoon by a barbecue and general good time for the construction crew that has been working for so long on the job now happily completed. By request of Mayor Burt of Hastings, who visited the camp, the last brick has been left out until some appropriate celebration can be arranged, and the brick then laid with due formality. One hundred and sixty pounds of pork were barbecued, and with forty loaves of bread provided a feast for the crew that was hilariously enjoyed.

Had it not been for a shortage in material, Contractor James Y. Wilson would have been through with the work before the first of the new year. However, everybody in St. Johns county will rejoice that the actual work of putting down the brick is at an end because the highway is now open to traffic from end to end and will prove a boon to the farmer and to the automobile tourist. The through travel over the road is already enormous and will grow larger year by year. Of course, there is yet much to be done in the way of improving this great highway. St. Johns county's contribution to the Dixie Highway and to progress and prosperity. The grade has to be widened and the right-of-way beautified, but this is a work of years, and cannot be accomplished by the county authorities without considerable expense and labor. It is the aim of the commissioners to eventually make the highway one of the most attractive stretches of road anywhere between Chicago and Miami.

Arrangements for an official celebration of the completion of the work will probably be worked out by the county commissioners in conjunction with the Chamber of Commerce, the Buffalo Club of Hastings, and the good people of Espanola and Bunnell, the date to be decided on later.

Life is a moving picture, and the film often breaks just at the interesting place—Jokes

Why It Was Good.

The wife of the man who found his office mates measured by the gallon recently had an experience with a soda fountain boy in which milk played an important part. She bought one of those confections surmounted with a billowy layer of whipped cream. To the feminine taste, at least, it was really delightful and was quite as pleasing to the eye as to the palate. The pleased lady could not help expressing her delight to the young fellow behind the counter. "This cream is very good," she said. "It ought to be," replied the boy. "I just whipped it." And the lady is still wondering—

Life in Its Various Forms.

The sea teems with plant and animals, and it has been estimated that the amount of life in the sea exceeds that of the land and square mile for square mile. Animals are found nearly everywhere, even at the greatest depths; but it flourishes best at or near the shore. On the other hand, plant life seems to be absent over the bottoms of the ocean basins, but plentiful at the surface where the sunlight plays an important part in its growth.

WORK PROGRESSING CASINO ADDITION

Contractor Espedahl's workmen, under the supervision of Foreman J. M. Messing, are making rapid progress with the addition to the Casino Burgoyne, and the mammoth addition will be completed March 21, according to present calculations.

The addition is in the form of a covered porch to the east of casino, 35x100 feet in dimensions. In the center will be an alcove for the band, and an arch 30 feet in width will be cut to connect the porch with the main building. Two other doors will also be cut through.

Mrs. O'Neill, through the Palmetto club, presented the casino with another large American flag, which will be unfurled at the north end of the building.

The drinking fountain presented by A. B. Moore, was set in place today.

COMMERCIAL AND NORMAL DEPARTMENTS FOR DAYTONA SCHOOLS

NEW DEPARTMENTS GRANTED
TO DAYTONA PUBLIC SCHOOLS
AT MEETING OF THE COUNTY
SCHOOL BOARD MONDAY NIGHT.

Action of great moment to the city of Daytona was taken by the Volusia county board of public instruction at its meeting in Deland, Monday evening, when it granted to the Daytona public schools two additional departments, including a commercial course and a normal course, both full two year courses.

W. M. Hankins, chairman of the local board of school trustees, and Prof. H. Clay Marks, supervising principal of the Daytona public schools, appeared before the county school board, Monday evening, in behalf of the proposed addition of the two departments and the strong arguments advanced by them secured the support of the board for the cause they championed.

Twenty-four students now in the Daytona high school have expressed an earnest desire to take advantage of

the commercial course and half as many desire to enter the normal department.

The commercial course will be open to students properly prepared for regular high school work and will include two years of practical business training, fitting them to take active positions in the business world. The education received will be equal to that of the best business colleges and will be a great convenience and saving of money to the young people of the city who have heretofore been obliged to go elsewhere for a business training. The instructor for the commercial department will be provided by the county school board, and the necessary equipment will be supplied by the pupils of the school by devoting to this purpose the proceeds of high school plays and of the High School Sentinel.

The normal course, toward which the state gives \$500 and the county a like amount, will be open to junior and senior students and post graduates and will include two years of work in teachers' training. Graduation from this course will be equivalent to that of the regular four-year high school course. It will prepare students for positions as teachers anywhere in the state, but will be especially valuable in providing teachers for the county.

The addition of these new depart-

ments is only made possible by the construction of the new school buildings which will give the necessary room in the present school building and it is proposed to inaugurate them upon the opening of the next fall term of school at which time it is expected the new buildings in the north and south ends of the city will be ready for occupancy.

Another matter of public interest upon which the county school board took action Monday evening was the placing of the Kingston school under the supervision of the Daytona board of school trustees.

Principal Marks is now engaged in compiling a "Catalog and Course of Studies of the Daytona Public Schools," which will be a great convenience in replying to inquiries concerning the school received from persons at a distance. This will give all necessary information, covering all classes from the kindergarten to the high school and commercial and normal departments.

HEARD ON THE STREETS

J. W. Stewart, who returned recently from an automobile trip to Miami, will be here until about the first of April, when he will return to his New Jersey home.

L. J. Price went up to St. Augustine this morning to meet and confer with W. R. Lathrop, of Birmingham, Ala., secretary and treasurer of the Southern Mutual Aid Society, of which Mr. Price is the local agent. Mr. Price expected to return this evening.

C. F. Hankey and daughter, Mrs. Thomas Froman, father and sister of Mrs. B. H. Cook, of South Ridgewood Avenue, left Monday for their home in Petoskey, Michigan, following a pleasant visit with Mrs. Cook.

B. C. Harcourt, of New York City, arrived in Daytona Sunday and will be here for two or three weeks before continuing his journey northward. Mr. Harcourt, who is located at 19 Cottage Avenue, owns property south of Miami and came here from that place. He has been planting a grapefruit and orange grove and expects later to make his home on the place.

Mrs. C. N. Dawe and little son, Gardiner, who had been visiting Mrs. Dawe's parents, Mr. and Mrs. W. H. Gardner, in this city for a month past, departed today to rejoin Mr. Dawe at their home in Detroit, Mich. Mrs. Dawe had a very delightful visit and her many friends here greatly enjoyed seeing her after an absence of several years.

Miss Minnie Hicks, teacher of the fifth grade in the Daytona public school, has tendered her resignation to take effect March 10. Miss Hicks will return to her home in Memphis, Tenn., and it is rumored that Cupid is responsible for her action. Miss Hicks has given perfect satisfaction as a teacher, and is popular with faculty and pupils, who greatly regret her coming departure. Her position will be filled by Miss Alorda Hutchinson, of Denver, Colo., who is expected to arrive Saturday. Miss Hutchinson, in addition to being a grade teacher, is a specialist in physical culture and playground work.

Optimistic Thought.
Things are not to be estimated by their number but by their importance

That pretty house, which you saw advertised in this space this week, has been bought, by a wise man. However, you need not be too greatly disappointed, for I have another big value to offer on the east side of Ridgewood Avenue; a bungalow of six rooms, on a large lot, with plenty of fruit trees and a rose garden. The house is furnished, and has all modern improvements, including a hot air furnace, in the basement. Come in and let me tell you more about it; or, better, show it to you. The price is right.

EVENING CONTINUOUS 7:00 TO 11:00

TOMORROW WILL BE ASH WEDNESDAY

Tomorrow will be Ash Wednesday, the beginning of the Lenten season, and will be marked by fitting observances throughout the civilized world. The Roman Catholic and Episcopal churches, especially, will observe this day in accordance with the rites of the church, with services which call to mind more forcefully than any other in the religious calendar man's mortality. "Remember man that thou

art dust, and unto dust thou shalt return." Ash Wednesday has always been, and always will be, a time for meditation and serious thought. The Ash Wednesday of 1916 has fallen later in the year than for many, many years, bringing the glorious resurrection, Easter, on Sunday, April 23rd. "Dust thou art to dust thou shalt return."

Mr. and Mrs. George Price and daughter, Helen Price, of Black Hills, S. D., and Mrs. E. Kauffman, of New York City, arrived Monday night, and are the guests of Mr. and Mrs. George Towle, of 31 Orange Avenue.

Two Car Loads of Gas Steam Radiators will be sold in Daytona, Daytona Beach and Seabreeze during the next eight months. Have you placed your order? Do not delay.
